roads of the city, according to a statement made by Road Supervisor Tom Cummins this morning. ## PLENTY OF WATER

THE RESERVOIRS OF THE CITY SUPPLY ARE REPLENISHED BY THE RAINS.

So far as the water situation is concerned at present all troubles are over. The rain which has been falling in Nuuanu valley for the past twenty-four hours has been sufficient to place the water department on its feet for the time being and to make sure that the water supply will be enough to last for some little time without the enforcement of stricter rules.

At 11 o'clock this morning it was learned that there was eighteen feet of water in the big No. 4 reservoir. This means a fairly good supply for a while. In No. 2 reservoir there was eight feet and in No. 3 seven feet.

Besides this there was still better news. The flow coming into the reservoirs had by no means ceased but was coming in from the sidehills and rapidly raising the levels in all the reservoirs. In addition to this it was still raining in the upper part of the valley and this probably means that there will be plenty of water from now on.

Up to the last twenty-four hours it had been generally understood that the stringency was such that all irrigation on the higher levels must soon be stopped in order to hold a sufficient supply for domestic use or in case of fire. With the recent rains all necessity for any such move has been dropped from consideration and if the rains continue it will probably mean that some sluicing on the big dam can be done by Contractor Whitehouse.

## THE ANNUAL ENCAMPMENT

PROSPECTS OF MILITIA JOINING THE REGULARS ON LEILEHUA PLAINS IN OCTOBER.

It now seems very likely that the annual encampment of the National Guard of Hawaii will be held in October at Leilehua and will be held jointly with the encampment of the regular troops from Fort Shafter. This will, if it turns out to be feasible, please the local men greatly, for the Guardmen will be able to learn many important things from the regulars while in camp.

It will not be possible for the local national guard to obtain money for the encampment under the appropriation made by Congress for joint encampments, as the funds have already been allotted and were not meant for so small a joint encampment as would be held here. Advances have been received from the War Department, however, stating that there will be no objection to having Leilehua used by the local militia and the regulars at the same time if Major Dunning shall deem it best.

An important decision by the Judge Advocate-General has reached this city. It is held that there is no objection to the paying of rent in advance by the month, quarter or year for naked, or unimproved land. This is on the ground that as soon as the government takes possession it has obtained all that it contracted for, just as if the land had been bought in fee simple. For this reason there is no advancing of the public funds, such as would be contrary to the Federal statutes. The decision is one which is of special interest in regard to the Kakaako rifle range.

## MAUNA KEA PARTED HER RUDDER CHAIN

Maneuvers of the S. S. Mauna Kea, soon after leaving this harbor on Tuesday excited curiosity here.

The Mauna Kea parted a rudder chain and put into Waialae bay to make temporary repairs. She then moved about to test the repairs. The S. S. Mauna Kea passed her several miles, but the flagship overlooked the Mauna Kea before Molokai light and beat the latter by several miles to Lahaina.

## MAKING WAR ON NUDE ON STAGE

FRENCH MANAGERS AND ACTRESSES ARE FINED AND SENT TO PRISON.

PARIS, July 27.—The trial of two music hall managers and seven women recently arrested as a result of Senator Berenger's crusade against the exhibition of the nude on the Paris stage was ended today. One of the managers was sentenced to three months' imprisonment and fined \$40, and two of the actresses were given fifteen days in prison and a fine of \$10. The others were acquitted.

The piece presented which was condemned was entitled "Ether Debauch." In acquitting the other persons on trial the court held that the circumstances under which the women appeared naked on the stage must be taken into account. The distance from the audience and the immobility of the artistic pose assumed by the participants robbed the living pictures presented of any suggestion of licentiousness or obscenity, and left upon the spectators only the impression of natural beauty. Neither the management nor the actresses, therefore were guilty of immoral acts. The Government is greatly dissatisfied with the judgment handed down, and the Minister of Public Instruction immediately filed notice of an appeal.

SAN DIEGO, July 31.—Forest Supervisor Harold A. The purpose of this action is to render it more difficult to smuggle Asiatics over the line into this State.

NEW YORK, July 25.—Robbers secured about \$15,000 worth of jewelry, diamonds and gold by blowing open with dynamite the safe of Thomas J. Dunn & Co., in Chambers street early today.
